Term 2 Week 10

28th June, 2017

From the Principal's Desk

NAIDOC Celebrations

I would like to extend a warm thank you to Uncle Greg Simms for opening our NAIDOC week celebrations with a traditional smoking ceremony. We appreciate your support of our school. Thank you to the team that lead Aboriginal Education in our school, without your goodwill, enthusiasm, dedication and passion events like these don't happen. A special thank you to Mrs Beerens for leading the team and for working so tirelessly to ensure the very best opportunities are provided for our students and families.

Last week 55 students attended NAIDOC cup where our K-2 students participated in activities and the students in grades 3-6 played in the Netball and Oz Tag competition. Thank you to the coaches and staff that supported this event.

Stage 3 Projects

This term stage three have been learning about bushfires and have been able to design houses that take into consideration aspects of bush fire safety. I have been absolutely overwhelmed by the knowledge and expertise of the students who have shared their projects, their attention to detail and the ability to explain their fire safety features is a credit to their teachers.

Education &
Communities

Happy and Safe Holidays

I would like to wish our staff, students and families a safe and happy holiday. During the school holidays the school will convert into a mini workzone, we have concreting works being done in area 3 replacing the old asphalt. We are creating another car park zone near the front of the school to cope with the increasing staff cars. The student toilets are having a facelift in the way of repainting. The school is also being treated for its annual pest inspection. We look forward to seeing you all in term three, the students return to school Tuesday 18th July we will have a morning muster on that first day back.

Working together in partnership for Quality Education
Kim Smith Principal

WHATS BEEN HAPPENING IN THE PRE SCHOOL?

The Explorers and Discoverers in the Preschool have been looking at faces.

In the art area some mirrors were placed and children had the opportunity to create their own self portrait. Some children took the experience quite seriously. They would go to the mirror look at their face – paint what they saw and then would return to the mirror look and then add to their self-portrait.

The children paid attention to detail including eye brows, eyelashes even earrings. From this experience children have shown how they can create representational drawings. They can engage in meaningful conversations and also start to have an appreciation of the work they have created. Just look at our wall of faces.

Stage 3 Fundraiser

On Friday, 16th June, Stage Three held a Spider Drink day at Lunch. It was a raging success that was primarily run by our Stage Three students who kindly donated their time and efforts to produce delicious treats for the students. With a line that took up most of Area One, we were able to raise \$410.00, with all of the money going towards the Year Six Farewell. Thank you to all of you who purchased a spider and helped our Year Six students.

A special thank you to all of the Stage Three parents and caregivers who donated soft drinks, cups, straws and spoons. Without such a supportive school community, things like this cannot happen.

Thank you, Mr Betcher and Stage Three.

Kindergarten Students Are Famous.

On Tuesday 6th June, a film crew from the Opera House travelled to Oxley Park Public School to film the Kindergarten students interacting with the connected classroom. A connected classroom allows schools to dial into a given number and make visual contact with a school or another service. The video link appears in the TV located in either the Library or KA's room. In this case, kindergarten students were interacting with a connected classroom coming from the Opera House, along with another four schools located within NSW. The purpose of the connected classroom was to look at writing and how we can create ideas to support our writing.

I would like to thank the parents and students in their understanding and support during the fast turnaround. I would also like to thank Mrs Alba, Miss Herbert and Mrs Terzi for their understanding and disruption to their day. The biggest thank you goes to the Kindergarten students, who represented Oxley Park Public School in the best way possible, by following our three school rules.

When the film has been edited, it will be shown to schools and educational facilities to enhance and promote the use of connected classrooms with the Opera House, to create a better understanding of the benefits of connected classrooms for students.

Premier's Debating Challenge Round 3

On Monday 19th June the debating team travelled to Parklea Public School to argue 'That all parents should buy a pet for their child'. Our debating team fought a good fight but sadly we were beaten by a point. Congratulations on all of your improved ability to rebut the opposing team. Congratulations on your effort and debate, Caitlin, Abeer, Tea and Ashleigh. Our last debate will be held at Oxley Park Public school in term 3.

Oxley Park is Turning 60 Help us celebrate Education Week in term 3 week 3

The Education Week committee would like to invite ex-students to discuss and share what they are doing with their lives now that they have left the education system. If you know someone or you are an ex-student and would like to share what you are doing, please leave your name and contact number with the front office.

We are looking for ex-students that graduated in most of the decades of the school and are available on Wednesday 2nd August, 2017 between 9:45-10:45am.

More information on Education Day at Oxley Park Public School is to follow shortly.

Please keep 9:30-11am free to share the celebrations at the school. There will be a range of student performances in the morning session.

Our hugely successful Book Fair will open at the conclusion of the concert on 2nd August 2017 and remain open all day to accommodate families visiting our school.

WOULD YOU LIKE TO VOLUNTEER AS A PARENT HELPER AT OUR SCHOOL?

Term 3 PaTCH Training for parents and carers

Parents as Teachers and Classroom Helpers **PaTCH** is a 10 week program to train and accredit volunteers to support children in developing literacy and numeracy in classrooms. **PaTCH** provides parents and community volunteers with the skills to work in supporting the teaching of reading, writing and early number.

Instructional Leaders work with participants to:

- Develop their understanding of how children learn.
- Consider how children learn to talk, read and write.
- Explore the importance of speaking and listening to develop literacy and numeracy.
- Gain skill in assisting children by listening to children and talking with them about books being read and stories being written.
- Understand the need for children to be able to express quantity with words and numeric symbols in day-to-day experiences.

PaTCH training for parents and carers will begin in Term 3 with an information afternoon tea on Thursday, 27 July from 2-3pm.

If you are interested in attending the information session, please contact our Instructional Leaders - Mrs Myers or Ms Kisbee by telephoning the school on 9623 1375 or alternatively leave a message at the office.

The NSW Premier's Spelling Bee 2017

The NSW Premier's Spelling Bee competition is now up and running. Students in Stages 2 and 3 will be taking part in class Spelling Bee activities with their class teacher to select two finalists who will represent their class in their Stage Spelling Bee on **Wednesday 9th August**. Stage winners will go on to represent our school at the regional level. Good Luck, keep practising and happy spelling.

60th Anniversary Fete

Sat 29 July
10AM–3PM

An event organised by **Oxley Park PS P&C**
email: oxleyparkpublicschool@pandcaffiliate.org.au
 OxleyParkPSFete

Don't forget to mark your calendars for the Oxley Park Public School 60th Anniversary Fete on the 29th of July 2017.

Join us for a great day of rides, activities, fun, food and markets stalls. Follow our page at www.facebook.com/OxleyParkPSFete/

Do you want to be involved and help create a great event for the school community? It is not too late and you can help in a number of ways below, if interested please email oxleyparkpublicschool@pandcaffiliate.org.au or drop your donations to the canteen.

Tell your friends and family and promote the event

Donate items for prizes or do you know a business who would like to help?

Do you know any performers that would like to perform on the day?

Chocolate blocks are needed for Lob-o-Choc

Where you can help on the day - Setting/packing up, BBQ, Fairy Floss, Sno Cones, Games & Raffle, Performances & MC, Ride Ticketing, Devonshire Tea, Cake Stall or general assistance throughout the day.

Our Cake Stall will be accepting donations on the Friday or Saturday Morning. All donated baked goods must be labelled with ingredients, these also need to be packaged ready for sale due to Food serving regulations.

(Small cakes, cupcakes, slices, biscuits or anything that can be easily packaged)

Item:			
Please tick ingredients:			
Eggs		Milk	
Butter		Nuts	
Sugar		Flour

OPPS P & C NEWS

We're looking at introducing **Shades** to the school uniform.

In conjunction with the school SunSmart policy.

Protecting your child's sight during outdoor play when the UV rays are at it's highest.

These shades are

- Protective - Highest AS/NZ 1067:2003 UV rating
- Tough - Replacement guarantee
- Personalised - OPPS and area for child's name
- Comfortable fitting - Small to large sizes available
- Well priced - Less than \$20
- Complete - Comes with protective case that clips to school bag and a cleaning cloth

Your Questions or Comments can be submitted to the P&C at www.tiny.cc/oppspc

Our next meeting will be held on the 31st of July at 9am.

At our last meeting we had a visit from School Shades to tell us how we can help protect our children's eyesight and we are looking to introduce these to the school uniform.

For further information please visit www.schoolshades.com.au to find out more on why these are beneficial to our children.

We would like to ask for your submissions of any questions or feedback to be submitted at

www.tiny.cc/oppspc

For example:

How would you like to purchase?

Via the website or through the uniform shop?

Buy your unlimited ride tickets online at www.ticketebo.com.au/oxleyparkfete or via the form below

60th Anniversary Fete
Sat 29 July
10AM-3PM

*Rides are subject to supplier availability (images used for illustrative purposes only and are reflective of the time when the school opened)

UNLIMITED RIDE BAND
before the event \$25
on the day \$30
or \$5 per ride

Pre-Purchase Ride Band Order Form

I wish to pre-purchase _____ All Day Unlimited Ride Bands at the discounted price of \$25 each for the OPPS 60th Anniversary Fete & Market Day and enclose \$_____.

Name of Child: _____

Class: _____ Telephone: _____

I have read and understood the Terms and Conditions below.

Signed: _____

Please return to the canteen.

Terms and Conditions:

All Day Ride Passes are not refundable or transferable.

All ordered wristbands will be fitted by a designated official at the Fete.

If it is apparent that a wristband has been tampered with and/or removed, it will be deemed invalid. Last minute substitutes may have to be made to the rides due to breakdowns, etc. Rides will be in operation from 10am to 3pm.

Uluru and Surrounds

By Nawal in 3/4R

Uluru is a large piece of excitement with lovely sights. Uluru has lots of different names like the heart of Australia and the red centre, and some people like me call it the belly button of Australia.

There are so many things to do in Uluru. You can take the camel train where you can ride the stinky camel. Another way to travel to Uluru is in a helicopter or in a small aeroplane. As soon as you look out the window, it looks outstanding. It is fun walking around Uluru but it will take you three hours. But you don't have to worry. Tourist guides will be guiding and telling legends or stories about Uluru.

Climbing Uluru is not allowed as it is disrespectful to the Aboriginals. But there is one area to climb –the great Kings Canyon. Kings Canyon is the perfect place to climb. You can see lovely natural things on the way up or down.

I hope you know you should pack your bag and catch a plane to Uluru!

ULURU AND SURROUNDS

BY CHANTELE IN 3/4G

Uluru is a wondrous place. There are millions of things to do here that you wouldn't even know. But don't get too excited! If you take some of the rock, you may be haunted.

At night look at the rock change colour. Then take a bus to a fantastic dinner but that's not the best of the good night yet! You also have a tour around space. Plus hear stories of the stars.

If you want a swim don't throw your idea in the bin. Go to Kata Tjuta and have a swim in a clear water hole. If you like driving, drive to Mount Connor, where it looks like flat table with one mega leg.

ULURU AND SURROUNDS

BY HYAM IN 3/4G

Uluru is a great place to go for a nice rest. You will love this beautiful sacred place. Uluru is the heart of Australia.

Uluru has a beautiful dining option under the stars. Enjoy the fine food and exquisite wines of Australia as this 5-star food and wine is not only yummy but relaxing.

Uluru also offers a helicopter ride over the rock. This is a beautiful experience but if you get travel sickness this is not the best option. The ride is a four and half star rating so save that money! If you get travel sick don't get disappointed. You can get a cool and magnificent camel ride. This exciting experience gets your fingertips tingling.

ULURU AND SURROUNDS

BY MUSTAFA IN 3/4G

Thinking of going to Uluru, try going to Kings Canyon. Warning: do not take the sand or the rocks or you will be cursed. Go stargazing and look at the wonderful stars.

If you are fit climb it, but Aboriginal people don't want you to because it is scared and dangerous.

You can go for a swim in King's canyon and go for a camel ride across the scorching desert sands. You can fly to Alice Springs and then dive to Uluru.

Have dinner under the mysterious and wonderful stars. Fly over Uluru and enjoy the wondrous view above the wonderful rock. It is 3 hours to walk around the rock. It is 10km around this gigantic rock.

THETREEHOUSE

BY SHARLESE IN 1/2F

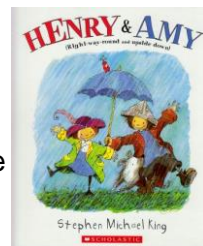

Amy made the plan for the treehouse and Henry had to add the swirly bits on the treehouse.

On the outside, there is a windmill and a teapot. It is hanging down.

On the roof, there was a shiny gold medal. Also, there is a tyre that can move in the wind. The window had a stick that holds up the window.

The walls have nails to keep it all together. They also have wood on the treehouse and windows.

I think the treehouse looks cool and silly just like Amy and Henry.

STAGE 3 HAVE BEEN LOOKING AT BUSHFIRES THIS TERM!

Mrs Paton presented her own experiences with the Springwood Bushfires from 2013. Students could choose whether they wanted to do an entertaining, persuading or informing text after the presentation. Thank you, Mrs Paton, for sharing a snapshot of that time in your life!

THE MOST FRIGHTENING DAY!

BY KYAN IN 5/6L

So far this is the most frightening days of my life. It was just a normal day at work when suddenly I got a call from my husband, Steve. Little did I know this call would change my life completely.

As I was driving towards the Blue Mountains, I could see the lights from the police, firemen and ambulance. I started to get worried so I called my husband. The phone buzzed for a minute or two but no answer.

The traffic was so bad that I had to park my car and run. Eve my feet thought that this was a bad idea. As I got closer and closer to my house, I came to a stop when I saw the police blocking the road. I tried to run past the blockage but I was stopped by a kind policeman who soon let me past.

As I approached my house I saw the damage done to the other houses and only thought the worst. My house was in the distance. As I saw it, I sighed with relief. I was so happy that my house was not destroyed. But I was not fully relaxed. Steve!

I got closer to my house and let out another sigh of relief, when I finally noticed the spout of water from the hose watering the grass. "Steve is okay," I thought to myself. "Everything is going to be fine." I jumped over the fence into the back yard.

I grabbed a hose and instantly turned it on. I ran toward the fire with the hose in my left hand and my phone in my other hand. I tried to call the school but my phone was out of battery! As I ran, I was suddenly pulled back. The hose wasn't long enough! The fire was getting closer and I needed to take action.

With my husband at my side, I began to put out the spot fires.

NEWSPAPER ARTICLE

BY SHAYLA IN 5/6M

On October 17th, 2013 a fire broke out in Springwood and Winmalee. The fire started by a fallen tree that had landed on a telegraph pole. The wind had caused the tree to fall on and then the telegraph pole sparked. After that the wind had pushed the fire into the bush and caused a huge blaze.

There were road blockages in the area for many kilometres. Parents and home owners were running down the street to save their homes and pets from the blaze that could rush to their houses any minute.

There were lots of traffic jams and people could not wait to get to their homes. Cars were getting stopped and people were running.

One resident, Mrs Paton had told us, "It is such a coincidence that a fire is actually here. I would never experience a fire this bad that it has spread to my house!"

One police officer, Constable John Grayam had let a resident to her house and past the road blockages that police has set up.

HOW TO BUSHFIRE PROOF YOUR HOME

BY ELYSE IN 5/6Z

If you live in the Blue Mountains and you need help to bushfire proof your home, this is what you need to do.

Firstly, you need to keep grass down because you don't want it to catch fire. My second suggestion is to cut down some of your trees because your branches could catch on fire. It will fall on your home and you'll be in big trouble.

If you have a short hose you need to go to a shop like Bunnings. They have very long hoses. You have to get a long hose because you don't want your house to burn down. You don't want to stand there with a bucket and keep going back and forwards.

Thirdly, you need to have charged phone because if you don't have a charged phone you can't call for help. Your house has to be made of bricks because bricks burn slowly. So if you see a house burning slowly you will have enough time to get a hose to help to put it out.

Environmental News

Our school continues to excel in environmental education. This term students in K – 2 created our Harmony Garden. Students learned all about the life cycle of plants and were taught practical skills in maintaining a worm farm and growing vegetables. This program will continue with the valuable support from Penrith Lakes EEC into term 3.

Stage 3 have been working hard engaging in STEM (Science, Technology, Engineering and Mathematics). They have been propagating seeds and planning to build garden beds with a green house. Their produce will be given to the most needy in our local community, well done stage 3! Our bush tucker garden is looking deadly now thanks to Mrs Beerens and the work of the environmental team. She has been working hard to lacquer ochre hand prints on the talking poles and finish landscaping the garden. The garden behind her office is also in the process of getting a makeover as well.

Next term we will sign up for the Eco Schools program, focussing on reducing our litter and all the plastic we bring to school with our lunch and recess. Thank you to all the students and staff who have worked so hard to promote environmental and sustainability education in our school this term.

A free Parent Education Half Day Seminar

Parents | Carers of Young
People - 12-17 years ... are
invited to attend this workshop.

Discussion Topics:

- ▶ Trauma and its impacts on families
- ▶ Building resilience in our youth
- ▶ Engaging effectively in our society

Presenter: Peter Slattery

B.A. Social Science and an M.A. Psychology, see Listed
Publications eg 'Youthworks' @ <http://www.peterslattery.com>

Peter Slattery has worked with individuals, families and
communities for 30 years. Resident in Sydney Australia; Peter
works throughout his own country, as well as in Asia, Europe
and North America. Among the many resources he has
published are: 'Youth works': A very practical book about working
with young people - which is used both in Australia and overseas;
the training DVD 'Conversations with young people'; the multi-
media groupwork resource, 'THOUGHTPICS'; and, most recently,
the on-line learning resource 'A Wide Lens'.

Peter's passion is to find or develop new, exciting and ever more
useful ways of helping people explore what troubles or inspires
them. He draws on theatre, storytelling, drawing, humour and
indeed anything at all that might help in this process.

WHEN:

Tuesday 27 June 2017 | 10am - 1:00pm
